Utah Regional Haze Litigation\_id.docx

Hi Sara –

Thanks for pulling this together so quickly! I have a few very minor suggestions in the attached.

Also, I created a Utah regional haze SharePoint site if you want to use that:

Thanks & have a good weekend!

Internal and Deliberative

All

A recommendation and updates.

Recommendation: Rather than brief this up as we discussed during this morning's meeting, we recommend that Deb reach out to Kenneth Wagner to ask for his assistance in getting answers to these questions. Based on my conversation with my counterpart in OGC (Nora Greenglass, who consulted with her deputy Gautam Srinivasan) I understand that Kenneth's role as regional liaison is to get questions like these before the right senior Administration officials and get answers. Attached is a short briefing paper that includes the questions and background summary (based in part on prior briefing papers), which could be adapted for the email or call. Folks on this email are seeing this for the first time, so feel free to tweak as necessary.

Updates

- [REDACTED] As requested, Paul reached out to Justin Schwab on these questions.
- [REDACTED] There are two weekly conference calls/meetings on Monday where agency officials will be provided a heads up that we need answers to these questions, and the calls include: (1) the weekly litigation call between DOJ and EPA; and (2) Mike Koerber's weekly meeting with Sarah Dunham.

Let me know if you have question or if there's more I can do.

Thanks,

Sara
